**APPLICATION FOR
RENEWABLE ENERGY PLAN**

Wolverine Power Marketing Cooperative, Inc. (“Applicant”), pursuant to Michigan Public Service Commission (“Commission”) orders dated December 4, 2008, in Case No. U-15800, and March 28, 2017 in Case No. U-16653, respectfully submits this Renewable Energy Plan Application (“Application”). In support thereof, Applicant represents the following:

1. The March 28, 2017 order required that the Applicant file its Renewable Energy Plan by December 15, 2017.

2. In compliance with Public Act 295 of 2008 as amended by 2016 PA 342 and the March 28, 2017 order, Applicant provides the prefiled testimony of Kimberly B. Molitor testifying to the following:

A. The Commission approved the Applicant’s original Renewable Energy Plan on April 16, 2009 in Case No. U-15847, its 2011 plan on July 12, 2011, its 2013 plan on June 28, 2013 and its 2015 plan on June 15, 2015.

B. Applicant does not intend to substantively amend its Renewable Energy Plan as approved.

C. Because there is no substantive amendment to Applicant’s Renewable Energy Plan, the Applicant proposes to meet its Renewable Portfolio Standard

percentage requirements with renewable power supply purchases, renewable energy credit ("REC") purchases, banked renewable power supply, or a combination of those options.

D. Applicant will meet its renewable energy requirements through applicable banked RECs and ongoing renewable power supply purchases from a renewable resource located in the state of Michigan.

E. If REC purchases are required, Applicant may assess incremental charges, if any, up to but not exceeding the allowed caps specified in Section 45(2) of \$16.58 per month for commercial secondary customers and \$187.50 per month for commercial primary or industrial customers per meter.

WHEREFORE, Wolverine Power Marketing Cooperative, Inc. respectfully requests that this Honorable Commission:

A. Accept this Renewable Energy Plan ("Plan"), consisting of this Application, prefiled testimony and worksheets;

B. Approve Applicant's Plan as complying with 2008 PA 295 as amended by 2016 PA 342; and

C. Grant such further relief as other and additional relief as may be deemed appropriate.

Respectfully submitted,

10 Alternative Electric Supplier ("AES") by the Michigan Public Service Commission
11 ("Commission") on November 7, 2000 in Case No. U-12723. WPMC has been
12 selling electric energy to Choice member-customers in Michigan since April

DYKEMA GOSSETT A PROFESSIONAL LIMITED LIABILITY COMPANY, CAPITOL VIEW 201 TOWNSEND STREET SUITE 900 | LANSING, MICHIGAN 48933

1 **Q₅ WHAT IS THE PURPOSE OF YOUR TESTIMONY IN THE PROCEEDING?**

2 A₅ The purpose of my testimony is to describe how WPMC will meet the renewable
3 portfolio standards (“RPS”) in Public Act 295 of 2008 (“PA 295”). Specifically, my
4 testimony addresses PA 295’s requirement that WPMC file its renewable energy
5 plan with the Commission every two years.

6 **Q₆ HAS WPMC OBTAINED COMMISSION APPROVAL OF A RENEWABLE**
7 **ENERGY PLAN?**

8 A₆ Yes. On April 16, 2009, the Commission approved WPMC’s first renewable
9 energy plan in Case No. U-15847. On July 12, 2011, the Commission approved
10 WPMC’s first renewable energy plan in Case No. U-16653. On June 28, 2013,
11 the Commission approved WPMC’s second renewable energy plan in Case No.
12 U-16653. On June 15, 2015, the Commission approved WPMC’s current
13 renewable energy plan (“The Plan”) in this docket.

14 **Q₇ IS WPMC PROPOSING TO AMEND ITS RENEWABLE ENERGY PLAN?**

15 A₇ WPMC does not intend to amend its Plan, with one exception. The Plan
16 approved by the Commission on June 15, 2015 provided that WPMC had 22
17 member-customers. As noted above, WPMC now has 20 member-customers.

18 **Q₈ PLEASE DESCRIBE HOW WPMC HAS IMPLEMENTED THE COMMISSION-**
19 **APPROVED PLAN TO DATE.**

20 A₈ As permitted by PA 295, WPMC uses banked and purchased Renewable Energy
21 Credits (“RECs”) to comply with PA 295’s RPS. WPMC applies available banked
22 RECs toward the renewable energy requirements on a rolling-month first-in, first-
23 out basis, and is on track to satisfy all of PA 295’s requirements.

1 **Q₉ DO YOU BELIEVE THAT THE APPROVED PLAN WILL ALLOW WPMC TO**
2 **MEET PA 295'S REQUIREMENTS?**

3 A₉ Yes. After available banked RECs have been exhausted WPMC will meet its
4 renewable energy requirements through REC purchases and renewable power
5 supply purchases from renewable resources located in the state of Michigan.
6 WPMC will assess incremental charges, if any, up to but not exceeding the
7 allowed caps specified in Section 45(2) of PA 295, of \$16.58 per month for
8 commercial secondary customers and \$187.50 per month for commercial primary
9 or industrial customers per meter.

10 **Q₁₃ DOES THIS CONCLUDE YOUR TESTIMONY?**

11 A₁₃ Yes, it does.
